ABOUT ME

As a FullStack Developer and Computer Science student, I find a balance between technical skills and interpersonal competencies. My experience as a project organizer has enriched my perspective on teamwork and communication. However, what truly defines me is my strong commitment to self-directed study. I am seeking a position that not only values these skills but also provides me with the opportunity to continue learning and growing in a dynamic and challenging environment.

EXPERIENCE (HIGHLIGHTED PROJECTS)

ParaSeekers - React, TypeScript, NodeJs, Sass

Development of a paranormal forum that allows users to create, edit, and delete posts, as well as manage their profiles.

VibrAr - In Development - React, TypeScript, Bootstrap.
